READ THIS *Carefully*

ROSE HILL FARM has one of the best collections of Roses in the South, that includes all the Hybrid Teas, Polyanthas, and Climbers best adapted to southern conditions.

Our plants this year are the best we have ever grown, and we feel sure you will be pleased with these vigorous, healthy plants. They are stored with vitality and will go right to work in your garden.

If you don't know Rose Hill Roses, give us a trial order.

GUARANTEE. We guarantee our plants to be satisfactory on arrival and to be true to label. In case the plants do not come up to your every expectation, notify us at once for instructions. It is mutually agreed and understood that our liability for untruthfulness to name shall be confined to replacement of stock, or refund of the original purchase price only.

BUDDED ROSES. Our Roses are all prime No. 1, two-year-old budded, and field-grown.

SHIPPING TIME. We start shipping about October 20.

TRANSPORTATION. We prepay all transportation charges on orders that are for \$2.00 and more.

PLEASE READ BEFORE ORDERING. On orders for less than \$2.00, add 25c to help pay cost of packing and postage.

QUANTITY ROSES

51 to 100, deduct 2½c per plant.

101 and upward, deduct 5c per plant.

Shrubs and Trees listed under Dependable "15"—if ordered singly, send 25c per plant.

Understocks: We can furnish Red and Pink Radiance on Texas Wax, other varieties on Multiflora only.

CONDITIONS. Orders are booked subject to conditions over which we have no control. On varieties that are sold out, we reserve the right to substitute another of the same color and habit, unless you request that no substitution be made.

TERMS. Our terms are cash with order. Do not send currency unless by registered mail. Checks or Money Orders are safest.

PRICES. Our prices are based on the supply of the different varieties. We urge you to take advantage of these prices, as the same varieties may cost you much more in spring.

PLANT ROSES EARLY. From many years' experience we have found that Roses planted between November 10 and December 10 give much better results. In the Gulf Coast area, where severe winters are rare, we recommend earlier planting.

FALL-PLANTED ROSES have time to establish themselves and become acclimated before hot weather sets in. **Rose Hill Roses** have been consistent winners at flower shows throughout the Western Hemisphere for many years.

ALL ORDERS FOR FALL PLANTING come directly from "Our Own" nursery rows to you, all freshly dug stock.

We pay all transportation charges.

PLANTING INSTRUCTIONS. Keep the roots moist all the time before planting. Spread them out so they do not crowd, and tramp the earth firmly about them. Don't plant too deep. Plant in good soil where there is sunshine at least half a day. In cold weather mound soil 6 to 10 inches; remove after weather clears.

Do not fertilize until plants have become established.

- William F. Dreer.** Shell-pink with a yellow base warming the entire flower; fragrant. 30c each.

POLYANTHA ROSES

For small hedges, solid beds of color, or groups in shrubbery border, there isn't anything that can compare with Polyantha Roses. They come the nearest to being truly everblooming of any of the Rose family, requiring very little care and come into bloom early in the season, producing crop after crop of flowers until stopped by frost.

Do not prune them, simply thin out and remove the dead wood and the oldest canes. They will then cover themselves with bloom.

- Baby Doll.** Exquisite little Roses of pink and coppery yellow edged rose. The baby blooms look like pink and white popcorn. Dwarf. 25c each.
- Cecile Brunner.** The little "Sweetheart Rose" is a perfectly formed miniature. Pink flushed yellow. 50c each.
- Chatillon Rose.** Large clusters of semi-double bright pink blooms. 25c each.
- Crimson Baby.** Clusters of double, bright crimson pompons. A free bloomer. 25c each.
- Eblouissant.** Bushy little plants with small flowers of blackish crimson. Nice for edgings or low hedges. 25c ea.
- Ellen Poulsen.** Fragrant, bright cherry-pink flowers in clusters; quite large and double. 25c each.
- Else Poulsen.** Semi-double flowers of bright rose-pink. Strong, upright growth. 25c each.
- George Elger.** Perfectly formed little Roses of light yellow are generously produced on small branching plants. 25c each.
- Gloria Mundi.** Small, orange-scarlet flowers in great clusters. This is the best of the many orange-scarlet Polyanthas, as it holds its color. 25c each.
- Golden Salmon.** Clusters of orange-scarlet flowers. 25c each.
- Gruss an Aachen.** Large, double flowers of light flesh-pink and salmon-yellow. Really a Hybrid Tea. 40c each.
- Ideal.** Medium-sized blooms of dark scarlet thickly cover bushy plants of about the height of an average Hybrid Tea. 25c each.
- Katharina Zeimet.** Fine, branching plants of only medium height and a profusion of small pure white flowers. 25c each.
- Kirsten Poulsen.** Large, single flowers of light red. Tall plants with large sprays of bloom. 25c each.
- Lafayette.** Quite large flowers of a lovely shade of cherry-red. One of the most popular varieties. 25c each.
- Miss Edith Cavell.** Attractive, semi-double blooms of brilliant scarlet-red. Always good to look at and dependable. 25c each.

CLIMBING ROSES

Few gardens have as many Climbing Roses as they could or should. Climbing Roses take up very little room. They can be trained on pillars, fences, trellises, arbors, against buildings, or allowed to ramble at will, and, when in full bloom, there isn't any flowering shrub that can equal them. Many of them are sports of Dwarf Roses in which case they produce larger and finer flowers than do their dwarf parents and, of course, furnish many more long-stemmed flowers for cutting. Our collection includes the best of the Climbers for the South.

- Cl. American Beauty.** Large, double flowers of deep rose-pink on a strong almost thornless plant. Hardy. 25c each.
- Cl. American Pillar.** A strong-growing plant with clusters of single carmine-pink flowers with white eyes. 25c each.
- Cl. Cecile Brunner.** Clusters of perfect little blooms of pink and gold. 25c each.
- Cl. Etoile de Hollande.** Large fragrant flowers of deep crimson. One of the best Climbers. 25c each.
- Cl. Mermaid.** Large, single flowers of pale yellow. Late starting, then blooms continuously. 25c each.
- Paul's Scarlet Climber.** Clusters of bright scarlet-red flowers on a strong, hardy plant. 25c each.
- Cl. Mrs. Pierre S. du Pont.** Golden yellow. 25c each.
- Cl. President Herbert Hoover.** Bicolor. 25c each.
- Cl. Radiance.** Pink. 25c each.
- Cl. Red Radiance.** Red. 25c each.
- Scorcher.** Large, semi-double blooms of brilliant scarlet-crimson. Repeats. 25c each.
- Cl. Talisman.** Bicolor. 25c each.
